A taxi ride costs 40 euros (fixed rate).

### Public transportation:

1. Leonardo Express non-stop train service at the airport (14€, about 30 min) until the end of the line ("**Termini Train Station**"). Departures every half an hour at 08 min and 38 min past.
2. There is a train with intermediate stops which goes to Orte/Fara Sabina called "treno metropolitano" every 15 minutes (working days) and 30 minutes (holidays) Price of the ticket is 8€ euro. You can get off at "Ostiense station" and take metro line B to "Termini"

## How to get to the meeting venue from CIAMPINO airport:

- Public transportation:
  1. Terravision bus shuttle (4€, 40 min max) to Termini Train Station. Departures outside arrival halls.

## Additional information:

### Electrical Appliances

The electrical current in Italy is AC - the cycle is 50Hz 220 V. A tourist carrying electrical appliances to Italy should have a transformer, either obtained before leaving your country or bought at an electrical appliance shop in Italy. Plugs have round prongs, not flat, therefore an European Plug Adapter (round pin) is needed.

### Telephone

The international dialing code for Italy is 39, the area code for Rome is 06. Public telephones are available throughout Italy. Either local or international calls require the use of a phone card which may be purchased at any newsstand, tobacco shop or "bar". When calling a cellular phone, drop the zero of the area code, ex: 397 + phone number of the cellular.

### Shopping

Although normally shops are open from 9 a.m. to 1 p.m. and 3:30/4 p.m. to 7:30/ 8 p.m., in tourist areas they tend to stay open from 9.30 a.m. to 7.30 p.m. with possible variations.

### Money & money exchange

Italy uses the Euro. At Rome airports, you can find ATMs that operate 24hrs a day and Bureau de Changes which have late opening, so on arrival you can withdraw Euros or exchange most major currencies for Euros.
