EIT Community Hubs

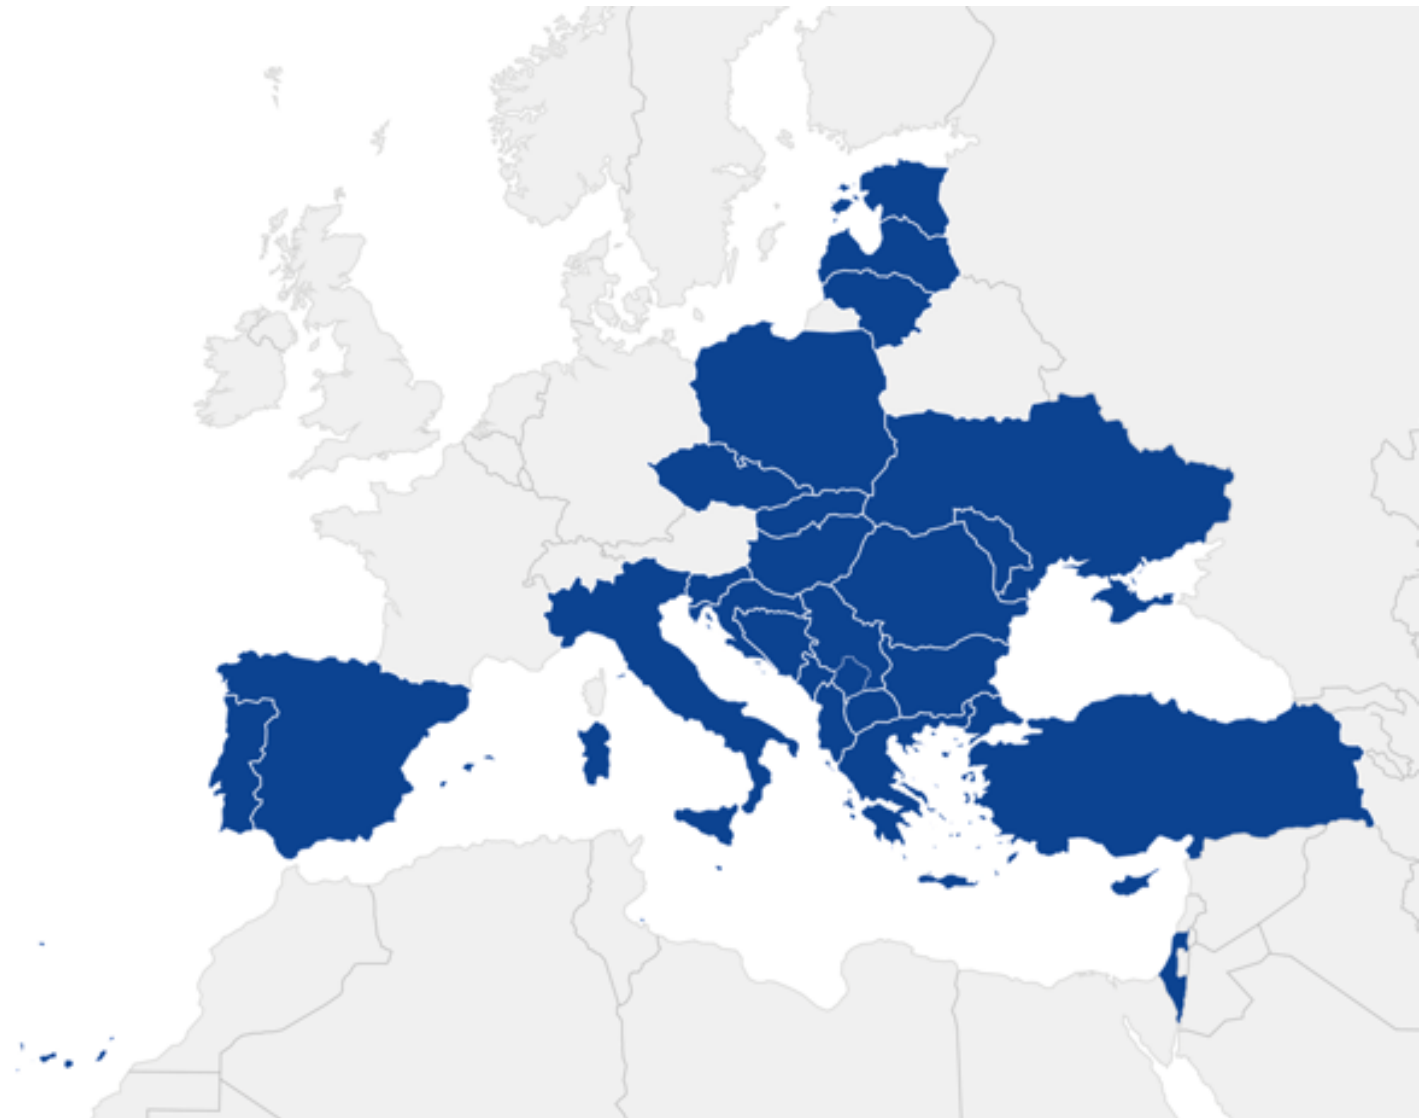

Structured and effective on-the-ground presence in the EIT RIS countries+

One-stop shop that gathers all the EIT Community innovation representatives in and acts as a main contact point for those, who seek opportunities to participate in EIT Community calls.

- Centrally coordinated through the Cluster and the EIT
- Synergies between EIT KICs
- Multidisciplinary collaboration with local ecosystem

EIT Community Hub - objectives

Objective:

- Serve as a centralised source of information on all services and opportunities.
- Act as a gateway to all EIT KICs, attracting and engaging an increasing number of participants in EIT Community activities.
- Lead the EIT Community's engagement with local authorities.
- Support talent retention and growth by connecting to EIT's extensive international knowledge ecosystem.
- Consolidate and scale up current EIT Community activities underway in the region.

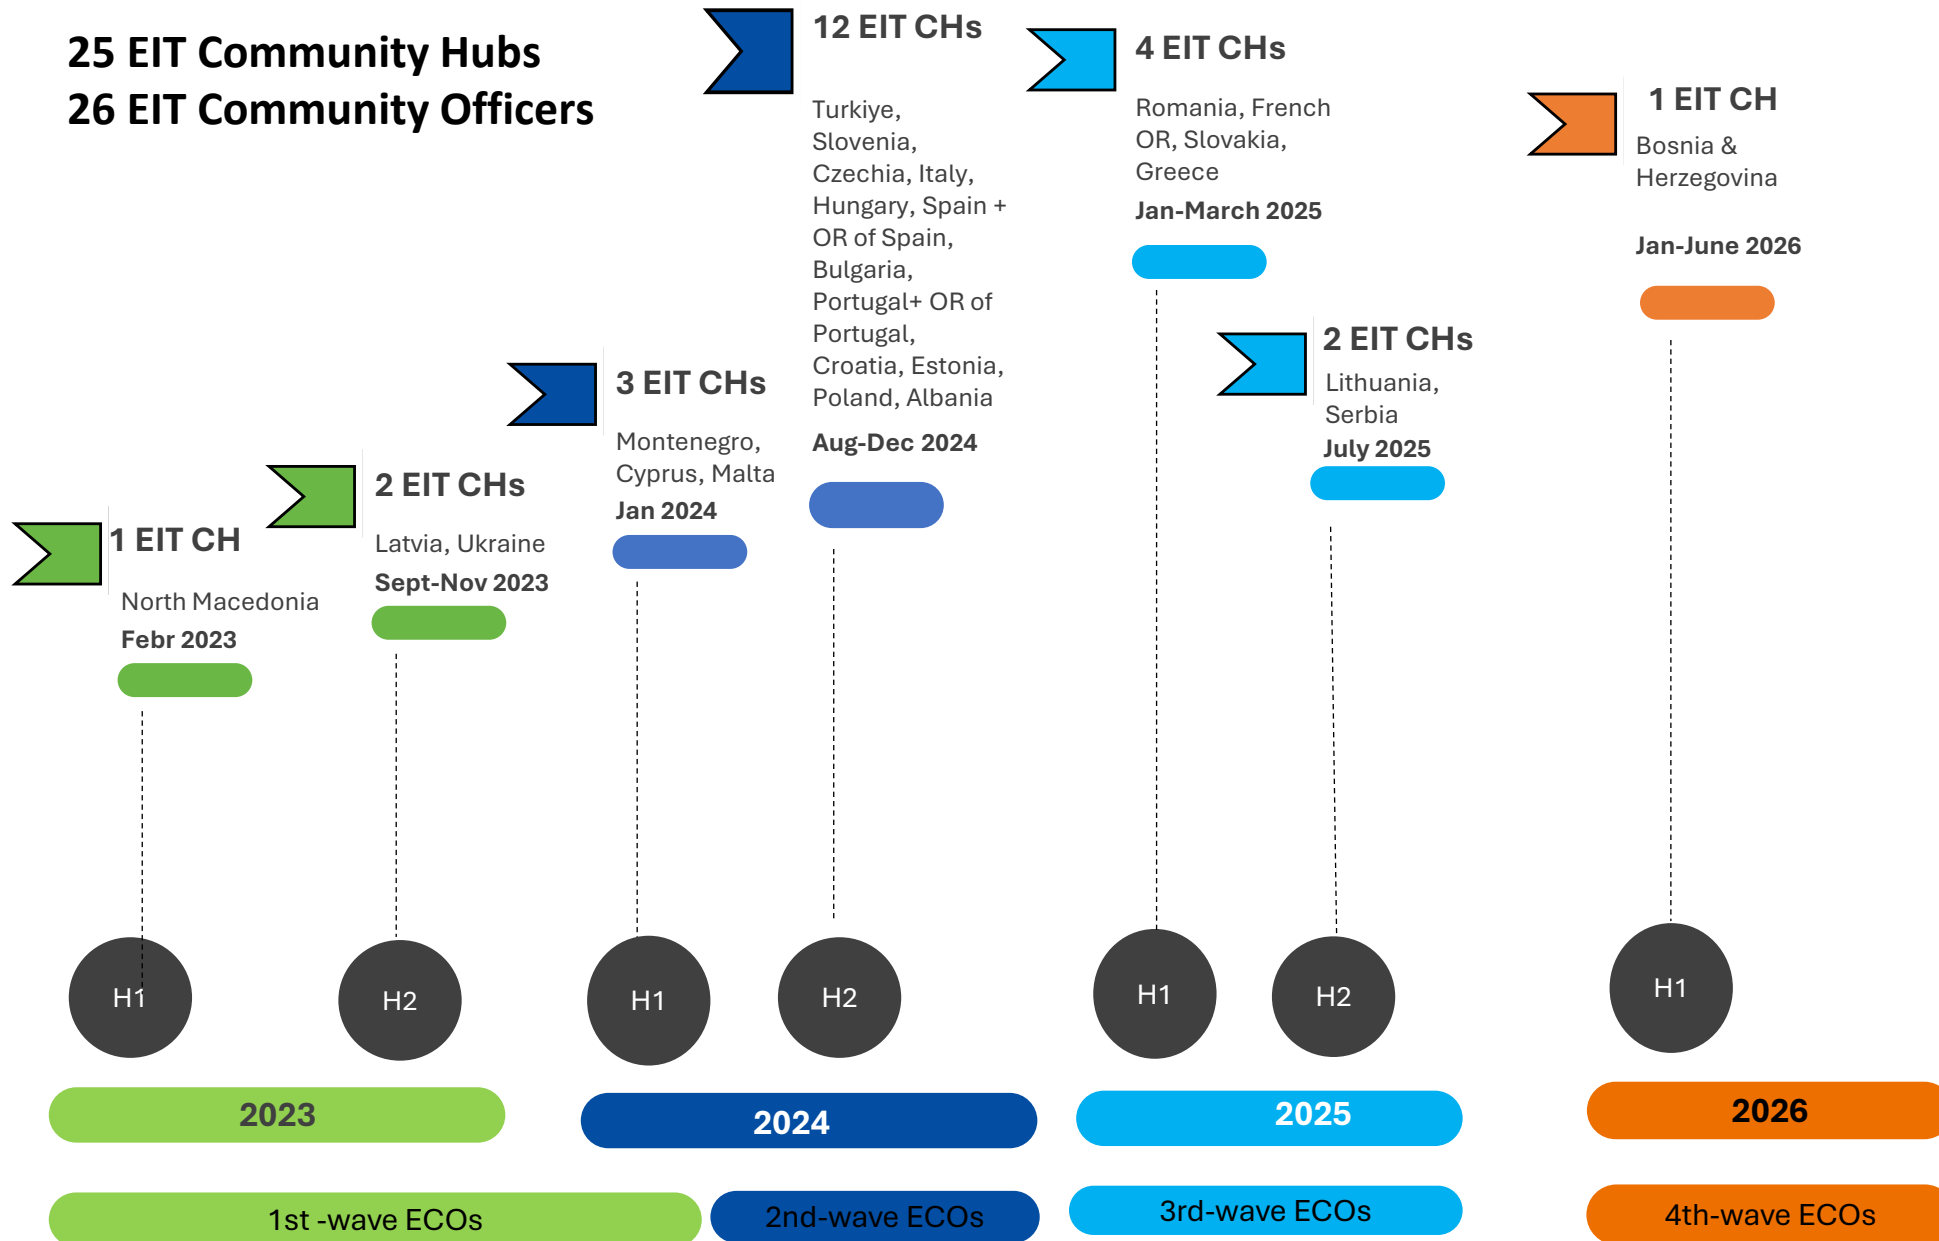

**Coordinated by an EIT Community Officer,
with responsibilities in the period 2026-2028 on**

- (1) Community development in business creation, innovation and education Business development
- (2) Business development (partner leads, customers, investors, etc.)
- (3) External funding raised for joint KIC projects
- (4) Coordination (local KIC presence coordination, local intelligence gathering, local relationship), communication, administration

**Working for Regional Innovation and
Internationalisation Cluster and 10 KICs**
